

Stage 4 B1-1

Intermediate

This is the fourth stage of the 6 courses of studying the Bulgarian language according to the Direct Method and is a continuation of the third level.

This level is intended for slightly advanced or students who are intermediate or slightly below average and have difficulty using more complex structures and feel relatively confident in speaking Bulgarian at a slightly above pre-intermediate level.

The material is divided into 7 modules.

These 7 modules will teach you to use and practice expressions related to:

- how to give advice • how to talk about advantages and disadvantages
- to talk about things that have happened in the past
- to report what someone says • to talk about things you can or can't afford
- how to open a bank account or make a money transfer • to make suggestions • to talk about things that annoy you
- to talk about problems • to explain the purpose of something • to talk about food • to use the 3rd conditional tense and talk about things that have not happened in the past
- to discuss topics related to social networks and blogs • to talk about things that happened in the past and affect the present • traffic, road signs and traffic rules • training • how to distinguish different sounds • to talk about fast food and health • how to get someone to do something • to talk about the environment and pollution
- how to ask politely about something • to talk about sports • to talk about things you are used to doing • pronunciation • to talk about things we are forbidden to do • how to use indirect speech in command forms, advice and promises • to talk about people and the environment • to ask permission to do something • how to politely ask someone to do something • to report a crime • maturity • to express your abilities in the past • to talk about things that you prefer • to talk about things that someone else is doing for us • to talk about actions that will happen very soon • to talk about victory and loss • to talk about feelings • to express your opinion or suggestion about something in the past that was wrong • to talk about foods you love or hate • describe people • to talk about prejudices • to talk about things you should or shouldn't do • to talk about politics • actions that have been committed us, although they were not needed • to react to situations that you do not think are important • how to express orders • how to express formal arrangements • how to describe a past action and event • how to describe a particular person or persons.
